EDUCATION

- **Master of Computer Application | 2026** **CGPA : 8.70**
  - JSPMS's Rajarshi Shahu College of Engineering, pune
- **Bachelor of Computer Applications | 2024** **CGPA: 8.45**
  - Moolji Jaitha College, Jalgaon

SKILLS

- **Languages:** C++, Java, JavaScript , HTML, CSS
- **Frameworks & Libraries:** Spring Boot, JPA/Hibernate, JWT
- **Databases:** MySQL
- **Core Concepts:** OOPS, DBMS, Computer Network
- **Tools & Technologies:** Git, GitHub, VS Code, Eclipse, Postman
- **Communication:** English, Hindi, Marathi, Banjara

PROJECTS

Student Management System

- Developed **secure Spring Boot backend** with role-based access control for Admin, Teacher, and Student roles
- Implemented **JWT authentication and RESTful APIs** with proper validation and error handling
- Designed optimized **MySQL database schema** using **Spring Data JPA with BCrypt encryption**
- **Built scalable architecture** supporting concurrent users with comprehensive security measures

Typing Speed Test Web Application

- Developed a responsive web-based platform to measure typing speed and accuracy.
- Implemented timer-based tracking, error detection, and real-time WPM/accuracy calculation.
- Integrated leaderboard functionality by storing and retrieving scores from a MySQL database.
- Built using **HTML, CSS, JavaScript, PHP, and MySQL** with a secure backend for user data.

Smart Leave Management System

- Built a role-based web application to streamline the leave application process for students and staff.
- Implemented user authentication, dynamic request handling, and secure workflow management.
- Developed PDF report generation for administrators to monitor and analyze leave records.
- Utilized **Java, Servlet-JSP, JDBC, MySQL, HTML, and CSS** with modular access control for students, faculty, and admin.

ACHIEVEMENTS

- Java Programming Certification – Udemy, 2024
- Achieved 5 ⭐ in Java and C++ on HackerRank
- Solved 250+ problems in C++ covering OOPs, File Handling, Exception Handling, Recursion, and Basic Data Structures
- Solved 200+ problems in Java including Core and Advanced Java concepts
